RE: AT&T/T-Mobile Merger
WT Docket 11-65

Dear Chairman Genachowski:

I am writing you to encourage your support of the AT&T and T-Mobile merger. As the Economic Development Director in a small Oklahoma city, I realize the need for access to high-speed mobile broadband service in our area. As we work to recruit businesses to this area, we must be able to compete with communities in other areas, and this merger should enhance our capabilities for this region.

Northeast Oklahoma has an advantage of being centrally located for travel purposes, and this merger would be another step in allowing us to be more pro-business as we solicit business development in our area.

I urge your support of this merger.

Sincerely,

A handwritten signature in black ink that reads "Ted V. Fisher".

Ted V. Fisher
Economic Development Director
City of Sapulpa, Oklahoma
